

Arts Award Discover: Information for teachers

About Arts Award

Arts Award takes children and young people on a creative journey, supporting them to explore the arts world and discover their potential as artists. Open to anyone aged 25 or under, Arts Award is a unique set of arts qualifications building skills in creativity and communication, along with problem-solving, reflective-thinking and confidence. Arts Award has 5 levels: Discover; Explore; Bronze; Silver; and Gold. You can find out more at www.artsaward.org.uk.

The downloadable log book takes children and young people through what they need to do to gain Arts Award Discover using The Kielder Brag as inspiration. Use the films and other resources on the Kielder Brag website (www.kielderbrag.com) to help you structure your Arts Award project and the logbook for children to record and share their work.

You need to work with an Arts Award adviser at an Arts Award centre to have your completed Arts Award logbooks moderated and receive certificates (there is a £4.25 per child charge for certificates and Arts Award centres may charge for moderation).

Check out centres near you at www.artsaward.org.uk/centre/lookup.php (Please note: Kielder Water & Forest Park is not an Arts Award centre).
